

Briefly about Asconi

Asconi SRL was founded in 1994. Since then we have constantly strived to produce wine of the highest quality possible. Significant investments were made in new and modern equipment as well as our own vineyards 7km (4 miles) away from the winery. The plantation is just over 400 hectares (1000 acres) and has grape varieties such as Cabernet Sauvignon, Merlot, Chardonnay, Sauvignon Blanc and Muscat Ottonel. Our main sales markets are in the European Union (Czech Republic, Poland, Slovakia), the US, China and numerous African countries.
